As an active community member, I'm sure you are interested in ways to improve the lives and education of our young people. I feel exactly the same way. It is for this reason that educators and community stakeholders decided to provide an opportunity for a group of students, an educational exchange program students, to travel **to Kusatsu, Japan for 11 days October 23, 2017 to November 2, 2017**. The experiences they will have while traveling will serve as life-long lessons and will undoubtedly advance their perspective of themselves and their place in the world as global leaders in the 21st century.

Global educational travel is a key component of developing STEM global leaders. The opportunity to witness new cultures first hand and experience history, typically only learned in a textbook, is one that only enhances a student's enthusiasm for learning. Students will visit historical and educational sites in the Shiga Prefecture as well as stay in the home of Japanese hosts. Students will interact with Japanese students; learning their culture, language, history and connecting educationally in regards to the STEM programs.

Your financial assistance is needed. Our collective goal is to raise **\$50,000.00 for the 10 Pontiac School District students who will be participating**. We greatly appreciate any contribution you are willing to make. Every \$500, \$750 or \$1000 adds up! Join commitments made from other sponsors and business partners willing to support our students. **PLEASE MAKE CHECKS PAYABLE TO: Pontiac Alumni Foundation.** Pontiac Alumni Foundation is a 501c3 non-profit organization and send to

Pontiac School District
